Renegade Marketing: 12 Steps to Building Unbeatable B2B Brands Drew Neisser 2021-10-05 Marketing has become ridiculously complicated, but yours doesn't have to be. With decades of hands-on experience, expert strategist and writer Drew Neisser has witnessed the dramatic evolution of business-to-business marketing. Working alongside giant brands like IBM, as well as startups and mid-size companies, and interviewing over four hundred top practitioners, Neisser uncovered the top four characteristics that all successful marketers have in common: they are Courageous, Artful, Thoughtful, and Scientific (CATS). These four characteristics form the basis for the framework in Renegade Marketing. Over the years, Neisser created a twelve-step formula to radically simplify B2B marketing and build an unbeatable brand. In his book, he shares the stories of marketing CATS as he gives you the tools to: Walk through a highly refined discovery process that culminates in finding your brand's purpose Define your company's purpose in eight words or fewer Build team support for new marketing initiatives while establishing your unique brand story, voice, and design Assemble effective marketing plans that engage employees, inspire customers, and attract new business Drive perpetual growth by creating a culture with metrics, marketing technology, and experimentation

Fibre2Fashion - Textile Magazine - November 2018

Fibre2Fashion 2018-11-01 Sri Lanka, as an apparel exporting country, stands out on two counts. First, the apparel export sector is virtually synonymous with quality. The second aspect is its own vibrant fashion ecosystem. The November 2018 issue of Fibre2Fashion looks at trends and challenges of Sri Lanka's apparel exports. The realities are much different in Ethiopia, the other country that features in this issue. Trade event Green Fashion India, and Q&A with footwear brands VOR and Simone Castelletti as well as other regular features are also covered. Fibre2Fashion magazine—the print venture of Fibre2Fashion.com since 2011—is circulated among a carefully-chosen target audience globally, and reaches the desks of top management and decision-makers in the textiles, apparel and fashion industry. As one of India's leading industry magazines for the entire textile value chain, Fibre2Fashion Magazine takes the reader beyond the mundane headlines, and analyses issues in-depth.

District Laboratory Practice in Tropical Countries, Part 1 Monica Cheesbrough 2005-09-08 This new edition includes an update on HIV disease/AIDS, recently developed HIV rapid tests to diagnose HIV infection and screen donor blood, and current information on antiretroviral drugs and the laboratory monitoring of antiretroviral therapy. Information on the epidemiology and laboratory investigation of other pathogens has also been brought up to date. Several new, rapid, simple to perform immunochromatographic tests to assist in the diagnosis of infectious diseases are described, including those for brucellosis, cholera, dengue, leptospirosis, syphilis and hepatitis. Recently developed IgM antibody tests to investigate typhoid fever are also described. The new classification of salmonellae has been introduced. Details of manufacturers and suppliers now include website information and e-mail addresses. The haematology and blood transfusion chapters have been updated, including a review of haemoglobin measurement methods in consideration of the high prevalence of anaemia in developing countries. "The volume is packed with much valuable information, which is presented in a format that is readily readable. There are ample clear illustrations, tables and photographs to render the various information easy to digest. The authors have succeeded in producing a work that will fulfil an important need for developing countries. I highly recommend this book, with its Part I counterpart, to anyone with an interest in the practice of laboratory medicine." Pathology "...District Laboratory Practice in Tropical Countries sets the gold standard, and is an essential read and reference for anyone engaged in clinical laboratory practice in the tropics."
