The Churchills Mary S. Lovell 2011-04-07 There never was a Churchill from John of Marlborough down who had either morals or principles', so said Gladstone. From the First Duke of Marlborough - soldier of genius, restless empire-builder and cuckold of Charles II - onwards, the Churchills have been politicians, gamblers and profligates, heroes and womanisers. The Churchills is a richly layered portrait of an extraordinary set of men and women - grandly ambitious, regularly impecunious, impulsive, arrogant and brave. And towering above the Churchill clan is the figure of Winston - his failures and his triumphs shown in a new and revealing context - ultimately our 'greatest Briton'.

Designs for the Pluriverse Arturo Escobar 2018-03-09 In *Designs for the Pluriverse* Arturo Escobar presents a new vision of design theory and practice aimed at channeling design's world-making capacity toward ways of being and doing that are deeply attuned to justice and the Earth. Noting that most design—from consumer goods and digital technologies to built environments—currently serves capitalist ends, Escobar argues for the development of an “autonomous design” that eschews commercial and modernizing aims in favor of more collaborative and placed-based approaches. Such design attends to questions of environment, experience, and politics while focusing on the production of human experience based on the radical interdependence of all beings. Mapping autonomous design's principles to the history of decolonial efforts of indigenous and Afro-descended people in Latin America, Escobar shows how refiguring current design practices could lead to the creation of more just and sustainable social orders.

Powered by Ghosts Kaje Harper 2020-11-15 An untrained sorcerer and a reclusive necromancer face a ghost-infested town. Darien is free of his dead invaders, and his eyes have opened to a new reality. In a world of sorcerers and necromancers, he's full of power and potential, but completely ignorant. Necromancer Silas, and Silas's cat familiar, Grim, are teaching him basic skills, but danger won't hold off, just because he's not ready. Silas never planned to share his life with anyone, but after a week of shared battles and shared nights, Darien has become a fixture in his home. Silas has never met anyone with more raw magical ability, or less idea what to do with it. When Silas is offered a job hunting ghosts, he's tempted to refill his depleted bank account, but reluctant to bring untrained Darien along. Darien's eager to help, though, and eventually Silas gives in. It's just a few ghosts. Nothing he hasn't handled before. What could go wrong?

Unacceptable Risk Kaje Harper 2021-01-27 For a hidden shifter, falling in love with a man may be the death of them both. Simon Conley knows about being an outcast. Born into a secret werewolf pack, he's the lone gay wolf, an outsider even among his packmates. The top wolves consider him a perversion, a failure, and a security risk. To survive in the human world, werewolves rely on absolute secrecy, and any breaches of their code are dealt with swiftly—and violently. So when Simon falls in love with Paul, a human man, even his Alpha's grudging tolerance won't protect him. He must keep Paul from discovering the truth about him and the secrets the pack jealously guards, or it's not just their love that'll end up dead. (A rerelease of the 2012 novel with light editing and the 1.15 short story included)

Undeniable Bonds Kaje Harper 2021-06-10 Some bonds are strong enough to last a lifetime, and change the world. Rory O'Sullivan has spent his life alone. Once upon a time, he made one real human connection as a gay man. That moment happened in Nazi captivity, and the wolf he escaped with was a Soviet soldier. They had a taste of what love might mean, but in 1944, personal happiness had to come second to survival. Now, seventy years later, when he feels the presence of Nikolai, somehow close and needing him after all that time, no one—not gay Alpha Aaron of the Minneapolis West pack, or rising political threats, or even top Alpha Rick Brown himself—will stop him. Rory's going to answer the appeal he's waited a lifetime for. Some bonds can't be denied.

Unjustified Claims Kaje Harper 2021-04-06 His pack would've killed him for his kinks and desires, but his human lover might destroy his wolf. Brandt Davis loved being part of his Michigan werewolf pack, until they found his stash of gay porn. He escaped their anger, running in wolf-form into the wilderness, but he can't live that way forever. And he can't hide in fur like a coward when an injured man needs his help. Ethan Sjulstad knows life is making him crazy when a solo hike into the Minnesota Boundary Waters seems reasonable. Then a bad fall leaves him seriously hurt and facing death. Delirious, he hallucinates being rescued by a big gray wolf and a naked woodland godling. For a man who has always loved fantasy, it's worth surviving just to find out what the hell is going on. (This is a lightly edited rerelease of the 2014 original.)

The Rebuilding Year Kaje Harper 2017-06-26 It took losing nearly everything, to discover what they can't live without. A few excruciating minutes pinned under a burning beam cost Ryan Ward his job as a firefighter, the easy camaraderie of his coworkers, his current girlfriend, and damn near cost him his left leg. Giving up, though, wasn't an option. He fought and won the battle back to health, over a painful year. Now, choosing a new profession, going back to school, and renting a room from the college groundskeeper should be simple. Until he realizes he's falling in love with his housemate, and things take a turn for the complicated. John Barrett knows about loss. After moving twice to stay in touch with his kids, he could only watch as his ex-wife whisked them away to California. Offering Ryan a room seems better than rattling around his empty house alone. But as casual friendship moves to something more, and emotions heat up, the big old house feels like tight quarters. It's nothing they can't learn to navigate, until life adds in unhappy teen kids, difficult family members, and mysterious deaths on campus. Rebuilding will be far from easy, even for two guys willing to open their minds, and hearts.

Resisting Dispossession Ranjana Padhi 2020-03-20 The book brings to the reader a set of political and social narratives woven around people's resistance against big dams, mining and industrial projects, in short, displacement and dispossession in Odisha, India. This saga of dispossession abounds with stories and narratives of ordinary peasants, forest dwellers, fisher folk and landless wage laborers, which make the canvas of resistance history more complete. The book foregrounds these protagonists and the events that marked their lives; they live in the coastal plains as well as the hilly and forested areas of south and south-west Odisha. The authors have chronicled the development trajectory from the construction of the Hirakud Dam in the 1950s to the entry of corporations like POSCO and Vedanta in contemporary times. It thus covers extensive ground in interrogating the nature of industrialization being ushered into the state from post-independent India till today. The book depicts how and why people resist the development juggernaut in a state marked with endemic poverty. In unraveling this complex reality, the book conveys the world view of a vast section of people whose lives and livelihoods are tied up to land, forests, mountains, seas, rivers, lakes, ponds, trees, vines and bushes. These narratives fill a yawning gap in resistance literature in the context of Odisha. In doing so, they resonate with the current predicament of people in other mineral-rich states in Eastern India. The book is an endeavour to bring Odisha on the map of resistance politics and social movements in India and across the world.

Into Deep Waters Kaje Harper 2019-08-29 For Jacob and Daniel, two young gay men aboard a Navy ship in WWII, the risks were high. Not just the risks of injury and death from Japanese planes and submarines, but the risk of discovery, of

discharge, imprisonment or worse. Only a special kind of love was worth taking that chance. But from the moment Daniel met Jacob's eyes across a battle-scarred deck, he knew he had to try. Being together required figuring out what it meant to be gay and in love with another man, in an era when they could be jailed or committed for admitting the desires of their hearts. On a ship at war, their relationship was measured in stolen moments and rare days of precious leave, with no guarantees there would be a tomorrow. And if they survived the war, they would need even more luck to keep their love alive through all the years to come.

With a son in college, a daughter choosing her future, and a rambunctious Irish Setter needing attention, planning a wedding isn't simple. Of course, even the most perfect ceremony can't solve all their problems. What does it take to build forever?

Life, Some Assembly Required Kaje Harper 2017-06-26 Finding love in the ashes was easy. Building a life together? Not so much. After spending the first part of his life chasing pretty girls, love has finally come to Ryan in the form of John, a

tall, lanky, red-headed landscape architect with wide shoulders and a five-o'clock shadow. For the first time in Ryan's life, love feels easy. Hell, he even ran into a burning building for John and his son, and he'd do it again if he had to. But telling his father and brothers and classmates "I'm gay. I've met a man"? That's going to take nerve of a different kind. For John, loving Ryan is as natural as breathing. Now if only the rest of his life would fall into place. Dealing with his teen son is complicated enough, but with his ex-wife causing trouble and his daughter wanting to move in, John's house— and his relationship with Ryan— threaten to split at the seams. Is one month without a new surprise knocking him upside the heart really too much to ask? Unfortunately, the answer seems to be Yes. (This is a re-release of the 2015 Samhain novel, with only minor editing.)

Home Work Kaje Harper 2012-10 Coming together as a family was supposed to make life happy-ever-after for Mac and Tony, but their two uprooted kids, demanding jobs, and a less than gay-friendly world don't seem to have gotten the message. Mac and Tony thought the hard part was over. They're together openly as a couple, sharing a home and building a life with their two children. It's what they dreamed of. But daughter Anna struggles with the changes, Ben is haunted by old secrets, Mac's job in Homicide still demands too much of his time, and Tony is caught in the middle. It's going to take everything these men can give to create a viable balance between home and work. Especially when the outside world seems determined to throw obstacles in their way.

The End and the Beginning Hermynia Zur Mühlen 2010 First published in Germany in 1929, *The End and the Beginning* is a lively personal memoir of a vanished world and of a rebellious, high-spirited young woman's struggle to achieve independence. Born in 1883 into a distinguished and wealthy aristocratic family of the old Austro-Hungarian Empire, Hermynia Zur Mühlen spent much of her childhood travelling in Europe and North Africa with her diplomat father. After five years on her German husband's estate in czarist Russia she broke with both her family and her husband and set out on a precarious career as a professional writer committed to socialism. Besides translating many leading contemporary authors, notably Upton Sinclair, into German, she herself published an impressive number of politically engaged novels, detective stories, short stories, and children's fairy tales. Because of her outspoken opposition to National Socialism, she had to flee her native Austria in 1938 and seek refuge in England, where she died, virtually penniless, in 1951. This revised and corrected translation of Zur Mühlen's memoir - with extensive notes and an essay on the author by Lionel Gossman - will appeal especially to readers interested in women's history, the Central European aristocratic world that came to an end with the First World War, and the culture and politics of the late nineteenth and early twentieth centuries.

Planning in Cold War Europe Michel Christian 2018-10-08 The idea of planning economy and engineering social life has often been linked with Communist regimes' will of control. However, the persuasion that social and economic processes could and should be regulated was by no means limited to them. Intense debates on these issues developed already during the First World War in Europe and became globalized during the World Economic crisis. During the Cold War, such discussions fuelled competition between two models of economic and social organisation but they also revealed the convergences and complementarities between them. This ambiguity, so often overlooked in histories of the Cold War, represents the central issue of the book organized around three axes. First, it highlights how know-how on planning circulated globally and were exchanged by looking at international platforms and organizations. The volume then closely examines specificities of planning ideas and projects in the Communist and Capitalist World. Finally, it explores East-West channels generated by exchanges around issues of planning which functioned irrespective of the Iron Curtain and were exported in developing countries. The volume thus contributes to two fields undergoing a process of profound reassessment: the history of modernisation and of the Cold War.

Unexpected Demands Kaje Harper 2021-02-25 He'd rather fight enemy wolves and rogue humans than face his own heart. When Aaron took down a violent, power-crazed wolf and inherited half a pack, he knew being Alpha wasn't going to be easy. A week later, he's finding out what an understatement that was. Other werewolves are calling for the extermination of his pack's gay wolf, or for Aaron's own death,

and the risk of exposure to humans is growing. Aaron can't afford to let his long-suppressed sexuality escape his rigid control. When one of his younger wolves is in trouble, it's simply Aaron's job as Alpha to help and protect him. But keeping a cool distance from a young man who appeals to all his senses could be Aaron's toughest challenge.

Home, though, brings no happy memories, and the ghosts of old pain are very much alive in Wahredua. When a severely burned body is discovered, Hazard finds himself drawn deeper into the case than he expects. Determining the identity of the dead man proves impossible, and solving the murder grows more and more unlikely. But as the city's only gay police officer, Hazard is placed at the center of a growing battle between powerful political forces. To his surprise, Hazard finds an unlikely ally in his partner,

Unsafe Exposure Kaje Harper 2021-04-27 Nothing wrecks a guy's day like finding out he's a werewolf. From the moment artist Dylan Shore arrives in Chicago, his life gets twisted like a kaleidoscope. He's also completely unaware that he's a werewolf. It shouldn't be Alex's job to tell him, and warn him that gay wolves usually end up dead. But someone has to, before he finds out in blood and violence. Chicago's not Alex's hometown, but somehow he needs to protect Dylan from the local packs, protect the wolves from being outed by Dylan, and keep his cool around the first man to touch his own deeply-closeted heart. Carved in Flesh Angelia Sparrow 2012-09 People often say that the true perfection in the human form is in its imperfections. Scars are visceral reminders of a person's past, a sign of an event that can never fade. Whether it was gained in combat, a traumatic experience, or part of a ritual with a lover, scars are the ultimate labels. They leave a permanent mark on the body and spirit that, one way or another, change a person forever. Veld is an Elf who has known for years that his mute friend Oren is spoken for; the design of scars spanning Oren's torso reminds him with every look. When Oren's vowed, Haram, is killed, Veld must not only help to prove his own innocence, but also tread carefully as he discovers "Oren's Right" and Haram's last request. Next, "Tiocfaidh Ar La"- "our day will come"-was the cry in Joe Colson's heart, even as he fled his beloved Ireland to hide from his sins in the States. He'd assumed his chances for love were long past when a much younger man rekindles something in him he'd thought long dead. A near-fatal car accident leaves superstar model Ashley's face permanently scarred and his career into a tailspin. But Tim is seeking healing of a different kind, and Larry finds that he has his own wounds that need tending. Garvin's scars are a "Gift of the Goddess," seared into his skin as a beacon to find his kidnapped love, Nyle. Rescuing him, though, may entail a deeper wound than even the Goddess would bestow. Finally, when Kanovan returns from his off-world tour, his lover Mirin finds a lover's mark he hadn't expected. Mirin must re-evaluate how much Kanovan means to him, and what he must do to make Kanovan always "Sojourn Home" to him."

Madison Square Murders C.S. Poe 2021-09-28 Everett Larkin works for the Cold Case Squad: an elite--if understaffed and overworked--group of detectives who solve the forgotten deaths of New York City. Larkin is different from others, but his deduction skills are unmatched and his memory for minute details is unparalleled. So when a spring thunderstorm uproots a tree in Madison Square Park, unearthing a crate with human remains inside, the best Cold Case detective is assigned the job. And when a death mask, like those prominent during the Victorian era, is found with the body, Larkin requests assistance from the Forensic Artists Unit and receives it in the form of Detective Ira Doyle, his polar opposite in every way.

Factual reasoning and facial reconstruction puts Larkin and Doyle on a trail of old homicide cases and a murderer obsessed with casting his victims' likeness in death. Include some unapologetic flirting from Doyle, and this case just may end up killing Everett Larkin.

The Red Countess Hermynia Zur Mühlen 2018-08-20 Praise for the first edition of this book: This translation is something of an event. For the first time, it makes Zur Mühlen's text available to English-speaking readers in a reliable version. —David Midgley, University of Cambridge [This book] represents exceptional value, both as an enjoyable read and as an introduction to an attractive author who amply deserves rediscovery. —Ritchie Robertson, Journal of European Studies, 42(1): 106-07. Born into a distinguished aristocratic family of the old Habsburg Empire, Hermynia Zur Mühlen spent much of her childhood and early youth travelling in Europe and North Africa with her diplomat father. Never comfortable with the traditional roles women were expected to play, she broke as a young adult both with her family and, after five years on his estate in the old Czarist Russia, with her German Junker husband, and set out as an independent, free-thinking individual, earning a precarious living as a writer. Zur Mühlen translated over 70 books from English, French and Russian into German, notably the novels of Upton Sinclair, which she turned into best-sellers in Germany; produced a series of detective novels under a pseudonym; wrote seven engaging and thought-provoking novels of her own, six of which were translated into English; contributed countless insightful short stories and articles to newspapers and magazines; and, having become a committed socialist, achieved international renown in the 1920s with her Fairy Tales for Workers' Children, which were widely translated including into Chinese and Japanese. Because of her fervent and outspoken opposition to National Socialism, she and her life-long Jewish partner, Stefan Klein, had to flee first Germany, where they had settled, and then, in 1938, her native Austria. They found refuge in England, where Zur Mühlen died, forgotten and virtually penniless, in 1951.
