Questions is an essential revision guide for candidates preparing for the MRCOG Part 2 exam. This comprehensive collection of practice Short Answer Questions (SAQs) is designed to help candidates test and assess their own

knowledge, aiding thorough preparation for the exam. The book opens with an introduction to the exam and includes advice on how to prepare for it, information on what to expect, and guidance on how to write excellent answers. This is followed by two sections: the first provides a wide range of SAQs divided into obstetric and gynaecological topics, and the second presents six practice exams set out in the format of the actual exam. For each question, the authors highlight the key words in the question, followed by a brief essay plan and then give a worked example answer. The specimen answers indicate

how many marks the candidate would obtain for each point made, and are supplemented with valuable extra information and further reading, to enhance understanding and aid further revision.

2018-09-28 This study guide offers a systematic, comprehensive and focused approach to preparation for the MRCOG Part 3 Clinical Assessment exam. After an initial introduction, the text divides by OSCE station, beginning with an analysis of what the station is testing and what approaches and preparation are required, supported by tips and examples; this is followed

by thoroughly worked practice questions based upon the exam format, with an analysis of how these are likely to be marked. Practice exam 'circuits' with fully worked questions and answers conclude the book.

SBA's for the MRCOG Mirka Slavska 2017-09-04
The Part 2 MRCOG exam consists of single best answer questions (SBAs) and extended matching questions (EMQs). It is vital that candidates have revised in accordance with the recommended syllabus and practiced relevant questions for the exam. The 3 authors of *SBA's for MRCOG Part 2* have all recently sat the exam themselves, and

were therefore able to identify gaps in the SBAs that previously were not addressed or assessed by available literature. This book provides questions and answers, explanations and references, which cover every subject, including clinical governance, statistics, colposcopy and HPV, oncology, fertility, urogynaecology and maternal mortality. SBAs for MRCOG Part 2 is divided in two parts: questions and answers. The first part contains over 300 questions covering 18 recommended modules. These are then followed by mock gynaecology and obstetrics exams, each with the requisite 50 questions. The second part

gives the answers to each question, as well as a thorough explanation and also an up to date reference for further reading. This book can be used for individual reading or as source material for group revision.

SAQs, MCQs, EMQs and OSCEs for MRCOG Part 2, Second edition Justin Konje 2009-03-27 This book established itself in its first edition as the definitive 'one-stop-shop' revision aid; the only one available to encompass all elements of the MRCOG Part 2 examination in a single volume. Now incorporating practice EMQs as well as the standard question types, this second edition will

ensure that it retains its place on the 'must-have' list for every candidate preparing for this exam. Concentrating on testing the candidate's theoretical and practical knowledge as recommended in the current MRCOG syllabus, the book tests the trainee with questions in obstetrics and gynaecology and those aspects of medicine, surgery and paediatrics relevant to the practice of both. The book is divided into four key parts, one for each style of question, each of which opens with an introductory section on how to approach the exam and, crucially, how to fail it. # Part 1 provides a series of short answer

practice papers. Common mistakes are highlighted as well as a list of key points required to get full marks. A sample answer is given for each question # Part 2 contains a mock paper for the MCQ part of the exam, containing 225 questions with answers and helpful annotations # Part 3 introduces the EMQ, giving the reader 40 questions in the style of the examination, together with answers and explanatory notes # Part 4 is devoted to the OSCE, with descriptions of 20 sample stations assessing different aspects of clinical practice, advice on how to tackle these, and suggested marking schemes. Throughout,

questions have been designed to test factual knowledge and understanding, problem-solving ability, and clinical and communication skills.
