*Malaparte. Death like me* Rita Monaldi  
2016-07-07T00:00:00+02:00 The Island  
of Capri, August 1939. Italy in the  
grip of Fascism, the Second World War  
looming. At a dazzling party under  
the stars mingling aristocrats, Nazi  
officers and American millionaires,  
the writer, ladies' man and Fascist  
loose cannon, Curzio Malaparte  
(1898-1957) – at that time  
internationally renowned – is  
accosted by Mussolini's secret  
police: someone has accused him of  
murder, the killing of a young  
English girl, a poet, who had  
mysteriously fallen from a cliff a  
few years before – a fall that  
actually did happen. Malaparte  
decides to go on the run: helped by a  
few trusted friends (a spendthrift  
prince, a Camorra man, an eccentric  
painter and his inseparable dog Febo)

he finds himself embroiled in an impossible investigation. Who's trying to frame him? Could it be that SS officer shadowed by his bloodthirsty Doberman? And what has the terrible (and true) secret hidden in Adolf Hitler's past to do with the plot against him? Struggling to stay a step ahead of the nightmare that's bearing down on him, the writer is forced to live by his wits, depending on a charming girl with unsuspected talents and the providential assistance of an American journalist, the perfect gentleman, destined to head US military intelligence in Europe. The setting: Capri's landscapes and the house Malaparte is building atop one of the island's most spectacular cliffs. All the while, champagne corks pop, the band plays on, and Europe's high society

drifts helplessly to its doom. But Malaparte won't play that game: no passive victim, he's determined to save his skin, like his mind, still painfully scarred by a war hero's wounds from over two decades before. Yet that's by no means all there is to it. Readers will soon find themselves up against far more than a mere literary fiction: the tale Malaparte is telling covers his entire past life; more than just a novel, he's responding to the challenge of a lifetime. Only at the very end shall we know if he has lived up to it, or failed. Launching Monaldi & Sorti's new masterwork. A FIRST IN ITALY, A FIRST WORLDWIDE Murder on the Isle of Capri Thomas Donahue 2018-02-19 Murder on the Isle of Capri THIS BOOK will keep you on the edge of your cozy reading chair:

An Italian friend and colleague of Criminology Professor Marin Ryan dies in an accidental fall. The community in Genoa is devastated by the tragic end of a beloved father, grandfather, and loving husband. Marin and John Hunter are equally in sorrow as they walk down the street in the classic Italian burial procession. The wife wants Marin to finish a project her husband had been working on for their grandson—a historical book on sixteenth-century pirates. Honored, she agrees. Marin reviews her friend's notes to discover his disturbing connection between those historical pirates and three present-day wealthy families. It's a secret the patriarchs kill to keep. Was her friend's death an accident? John and Marin journey across the Atlantic and the Pacific in an attempt to know the

truth. The more they find, the more they are at risk. At each stop, from Italy to New York to Hawaii and back, they are in the sights of the modern pirates. Over 1000 reviews across all book sites: 79% 5 star. Reader Review: "This was a vacation in a book." Reader Review: "This should be a movie." While he searches, a web of disparate events unfolds across the Middle East. Three ships, owned by the group of Russians, deliver a mysterious cargo to the shores of the Arabian Peninsula. In Morocco, a Russian aerospace company begins flight testing an innovative new drone. From Switzerland to the Red Sea to Morocco, Slaton gradually uncovers a conspiracy of monumental scope. They also edited Secrets of the Conclaves, a secret report by Atto Melani which they unearthed in a Parisian library. The couple live between

#### Capri Diem: Love and Death on Capri

Cecilia Storhaug 2019-02-28 CAPRI - THE ISLAND OF DREAMS is the dramatic setting for the story of a brilliant, but philandering local hero who pursues justice, redemption and the miracle of love. - From the Norwegian author Cecilia Storhaug, a resident of Capri for thirty years, comes a captivating mystery novel filled with action, romance, and a cliff-hanging resolution. - CAPRI DIEM is illustrated with color images of paintings by UGO di MARTINO; a well-

known artist from the Island of Capri. - At the height of the tourist season, Camilla, a free-spirited Norwegian widow with a residence on Capri, is found dead on the craggy limestone cliffs rising above the sea. San Francisco insurance investigator Max returns to his island roots with a mission to find evidence to confirm Camilla's death; her life insurance policy has a non-payment clause for suicide. The beneficiary of the two-million-dollar claim is Camilla's beautiful younger sister Katarina, who is visiting her sister on the island. With a financial motive and no alibi, Katarina becomes the prime suspect in this page-turning drama. - As the plot unfolds, readers get an insider's tour of the spectacular scenery, ancient historic sites, and

the glamorous playground for the rich and famous; the artists and romantics who for centuries have been drawn to Capri's magnificent scenery and the gentle hospitality of its people. - The title CAPRI DIEM, coined from the Latin aphorism Carpe Diem, reflects the philosophical theme of the book: "Live every day as if it was your last, in search of joy and beauty. When you find beauty, you desire to be part of it forever." - Cecilia's novel is inspired by her love for the island and people of Capri. Born and raised in Norway, the author divides her time between Norway, California, and Capri, where she has owned a home for over 30 years. The author promotes the ART, CULTURE, and NATURE on CAPRI on her website: WWW.CAPRIDIEM.NET

**Going Abroad** Christine Geoffroy 2009-10-02 Going Abroad is a book not only for scholars, academics and students who are interested in different approaches to mobility, but also for non-specialists who wish to explore and understand what lies behind the various forms of travel, tourism and migration that are central to today's—and no doubt tomorrow's—globalized world. If you are tempted by emigration, enjoy being a tourist, or just love the adventure of travel, real or

imaginary, you can embark on a journey of discovery through time and across the continents to explore and reflect on diverse visions of mobility. The practical problems and the differing states of mind experienced by past and present emigrants to France, Spain, Morocco, Capri, Latin America, Canada and Australia, the impact of immigration on the host communities, and the reactions of turn-of-the-century French immigrants to Britain, offer contrasting and complementary perspectives. Along with the real and symbolic meanings of the apparently mundane act of crossing the Channel, stranger forms of travel are also explored: Filipino sailors who are neither at home nor abroad, backpacking across four continents, the real and the fantasized exotic in

nineteenth-century orientalist art, and the sanitized utopias of today's theme parks. Within an interdisciplinary and a cross-cultural framework, the book explores the terminology, concepts and methodology of a subject which has become the focus of curricula in many academic courses.

**The Best Films of Our Years** M. Owen Lee 2007 Dominance is an integral aspect of strategy. Strategy, whether in war, sports or business, is about

how one can place themselves in a competitive position that gives them an advantage over competitors. If that position can be made so overwhelming by one competitor that others are effectively taken out of effective competition, that competitor is dominant. Dominance wins. The game is over. Everyone else is playing for second place or lower. *Creating Dominance* describes how successful law firms have gone about dominating their marketplaces - be they a practice area, a city or an industry. The book begins by describing the characteristics that identify a dominant firm and the precise strategies law firms can use to put themselves in a position of dominance.
