### **Ping-Pong Art and Literary Journal of the Henry Miller Library**

**2012** Maria Garcia Teutsch 2021 Letter From the Editor, 2012 Dear Reader, Thank you for picking up this magazine. Inside you will find a world of wonders. If you are like most people you will flick through and look at the art first. We are proud to feature gallery prints from iconic photographer Kim Weston. The art editor and I met Kim a few years ago at the Henry Miller Library over dinner, and have been trying to get his beautiful photographs in our magazine ever since. It is thanks to the dogged tenacity of River Tabor that we are able to feature work by an astounding member of the Weston dynasty. Tim Youd did an entire art exhibit based on a passage out of Henry Miller's *Tropic of Capricorn*. We have a poem by Big Sur visitor and raconteur Richard Brautigan. This poem seems to embody the internal landscape of the author. We are fortunate to have so many talented people in the planisphere that is the Henry Miller Memorial library, and are happy to have so many West Coast writers and artists featured in this issue. The Library is an amazing cultural venue, a local's hang out, a bookstore, a concert venue, and a

film theatre, but it is also a fragile watershed. Our commitment to keeping this delicate ecosystem in check is part of why this year we have launched into our capital fundraising campaign, in an effort to retrofit Emil White's little cabin into a place that hosts such acts as Thurston Moore of Sonic Youth. I met Thurston on a damp afternoon at the library. I am not an interviewer per se, but I do love listening to people's stories. Thurston Moore and I talked about poetry and art under a persimmon tree, the interview featured herein is the fruit... The East Coast is always well represented since half of our editors live in Brooklyn, which I like to call the poetry capital of the U.S. of A. We have the wondrous poets Leah Umansky, J. Hope Stein, Joanna Penn Cooper and Angela Wong featured. Enjoy! Maria Garcia Teutsch

Powered Paragliding Bible 6 Jeff Goin 2020-04 A clear, CONCISE, and professionally-illustrated guide for anyone wanting to become an ACCOMPLISHED paramotor pilot, either footlaunch or on wheels. It is comprehensive but breaks down information into digestible chunks that fit well with quality training programs. Section 1 is all about safely getting to first flight and gaining competency. Section 2 covers what's needed to set out on your own. it offers PRACTICAL airspace, weather, airport, site, cross country, and maintenance knowledge. Section 3 is about MASTERING and surviving the sport including risk management, precision flying, handling turbulence, tough landing options and much more. Section 4 details the weird aerodynamics and physics that govern paramotor flight, more in-depth weather, and history knowledge. Section 5 is about choosing gear-- what goes into it, the tradeoffs, and why choices are so critical to safe

learning. Proper choice is key to surviving the dangerous learning phase. Section 6 explores how to get more out of the sport, like traveling with gear, photography, and other uses.
